### Introduction

Queensland schools annually publish meaningful information to parents about student and school performance. This document contains important information about our school's journey in 2013. I am very proud of the work of students and staff at Dakabin State School and have pleasure in providing this report to you.

The document can be accessed on the school website ([www.dakabinss.eq.edu.au](http://www.dakabinss.eq.edu.au)) or in a hard copy version at the office. It would be appreciated if you would take the time to read this report and if you have any queries, to direct them to me on 07 3491 5222 or by email [the.principal@dakabinss.eq.edu.au](mailto:the.principal@dakabinss.eq.edu.au)

## 2012 School Annual Report

### School progress towards its goals in 2013

2013 saw enormous momentum for the school in the development of a number of core priorities in the school. The school participated in a Discipline Audit in Term 3 with outstanding success. The Audit showed our practices within the school to be highly supportive and the overall implementation was in the high or outstanding domains. This was excellent feedback to the school and community about the progress of the School Wide Positive Behaviour Program in the school.

The other significant achievement of the year was the completion and implementation of the School Pedagogical Framework called "The Hive". This pedagogical framework is based on the research of Dr John Hattie and Dr Robert Mazaro. This was launched officially with all staff in October 2013 and continues to drive practices in the school for Teaching and Learning.

Progress has continued in the embedding of our Visible Reading Program in every class across the school.

- Core Priority - Reading
- Whole-of-school assessment and data collection
- Productive partnerships with school community stakeholders
- Australian Curriculum implementation
- Core Priority - Numeracy
- Differentiation of Student Learning
- Development of School Pedagogical Framework
- School Wide Positive Behaviour - Student Behaviour

Continue to implement 'Collegial Engagement in Classrooms' (Joint Statement DET & QTU April 2011) processes and sharing of classroom practices with associated feedback loops.

Embed data analysis as the catalyst for differentiation and an improvement in student learning outcomes

Further embed our school culture of high expectations – of 'every child learning in every classroom, every day'

### Future outlook

**In 2014 we are working towards Numeracy improvement being the most significant priority in the school.**

- **Core Priority - Mathematics**
- **Core Priority – Visible Reading**
- **Core Priority – Stimulus Writing**
- **Differentiation of Student Learning**
- Implementation of School Pedagogical Framework – "The Hive"
- Australian Curriculum implementation
- School Wide Positive Behaviour - Student Behaviour
- Productive partnerships with school & community stakeholders

## School Profile

Dakabin State School opened in 1992. Current enrolment is 490 primary students and 75 attending prep. From its inception there has been a focus on establishing a school community where students, parents and staff work together to achieve the very best for our children. There is significant community participation in both decision-making and support processes at the school. Currently, there is a significant change of numbers as the demographics of the area is changing with new housing developments occurring within the school community. Our school community believes in the development of the whole child. Our students' social, emotional and academic development is considered in the development and implementation of school programs.

**Coeducational or single sex:** Coeducational

**Year levels offered in 2013:** Prep Year - Year 7

**Total student enrolments for this school:**

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2011	469	223	246	92%
2012	442	214	228	90%
2013	444	205	239	95%

Student counts are based on the Census (August) enrolment collection.

## Characteristics of the student body:

- ✓ Students at Dakabin typically originate from a cross-section of the community. The majority of parents are supportive of the school and their child's education. Over the last 3 years there has been a shift in the socio economic climate of the school.
- ✓ There has been an increase in transient families who attend the school.
- ✓ At least 5 % of our students come from homes where another culture is predominant; the major ethnic group is Pacific Islander.
- ✓ There is a variety of religious programs offered at the school on a multi denominational basis. When designing curriculum programs teachers consider the values and beliefs of students' ethnic and religious backgrounds.
- ✓ School attendance is reasonable with an annual rate of 93%. We are still working with the community to increase this rate. Students enjoy attending school with around 85% believing that they receive a good education at Dakabin (school Survey 2013). This is also reflected in the parental responses with around 92% believing Dakabin is a good school.

## Average Class sizes

Cancellations of Enrolment	0	0	0

## Curriculum offerings

### Our distinctive curriculum offerings

- ✓ Dakabin State School delivers curriculum in accordance with the Australian Curriculum for English, Mathematics and Science. All other Key Learning Areas are using the Essential Learnings as per the Roadmap for P-10, curriculum, teaching, assessment and reporting.
- ✓ Students engage in units of work that align with the Curriculum to Classroom materials.
- ✓ There is a strong emphasis on students being literate and numerate.
- ✓ Literacy and Numeracy data has influenced the pedagogy and focus on specific learning areas of improvement.
- ✓ Information Technology integration is being supported in classrooms
- ✓ iPad program across the school for students to use as part of their learning
- ✓ Assessment and Reporting at Dakabin State School is to be reviewed to align with ACARA
- ✓ Formal student progress reports are given to parents at the end of each semester. Informal parent interviews are given at the request of parents or teachers throughout the year.
- ✓ The Flying Start Agenda will continue to influence curriculum changes in the school, especially as students transition to start high school in Year 7
- ✓ The school has a strong and successful special education program and caters for a diverse range of students including some with complex and challenging needs

### Extra curricula activities

- ✓ Expressions Dance Program
- ✓ Active Student Council - Leadership Process and Program
- ✓ Junior Choir, Senior Choir
- ✓ Instrumental Music Program – Strings and Woodwind

- ✓ Interschool Sport for students in Year 5/6/7

## How Information and Communication Technologies are used to assist learning

- ✓ The school's ICTs environment is continuing to evolve. It is strongly supported by appropriate hardware and is continually being enhanced. Plans are in place to further enhance the ICTs provision through a complete revision and renewal of appropriate software that will support the school's learning engagement program.
- ✓ A school based decision by staff has been made to continue the role of a Digital Pedagogy Coach 0.2 FTE to support teachers in using a broad range of ICT's in classrooms and it is anticipated this role will continue into the future.
- ✓ A technician is also employed to support the program 2 days per week.
- ✓ Currently 1 staff members have an ICT Pedagogical Licence and are Accredited Facilitators and 9 teachers have completed the coaching program in 2013 to obtain their ICT Pedagogical Licence.
- ✓ School leaders are currently engaged in the eLeaders ICT Framework to develop strategic plans to support the development of ICT in the curriculum.
- ✓ All staff are encouraged to work on their ICT Certificate or Licence.
- ✓ School communication and internal planners are all electronic and teachers are quite adept at managing this system.

## Social climate

- ✓ The school places a high priority on staff and student wellbeing and has processes in place to address individual needs for example through the school chaplaincy program.
- ✓ Most teachers are striving to create supportive and safe learning environments by building positive relationships with students and to involve parents as important partners in their child's learning.
- ✓ There has been a determined effort to maximise learning time through literacy and numeracy blocks and the reorganisation of the specialist timetable.
- ✓ Staff morale is generally high.
- ✓ The school prides itself on the school-wide promotion of the three Dakabees-Be Safe, Be Sensible and Be Respectful.
- ✓ Each classroom has collaboratively developed a classroom behaviour plan that is aligned with the Green and Red Pathways for all students in the school.
- ✓ 'Circle Time' is aimed at developing students' social skills and allows opportunities for the teacher and class to discuss classroom and playground issues and appropriate responses.
- ✓ There are high levels of trust between the Parents and Citizens' Association and the school leadership team.
- ✓ Continue to develop and implement the elements of the School-wide Positive Behaviour Support (SWPBS) program which will assist in maintaining consistent behaviour expectations across the school and enhance the understanding of the related social skills with students from a wide range of backgrounds.
- ✓ The explicit improvement agenda is used to promote to the community that the school is driven by the belief that every student is capable of successful learning in a safe and supportive environment.

## Parent, student and staff satisfaction with the school

There is an overall sustained confidence from parents that their children are receiving a quality education and this is testament to the high quality teaching in classrooms.

The data below indicates improvements in most areas from all 3 stakeholders, parents, staff and students that our school will continue to be a professional and successful school where parents are confident to send their children to get a great education.

## Involving parents in their child's education

It is important to us that we promote our school profile, curriculum vision and values through communication to sustain our market share of enrolments and to support and enhance our relationships and partnerships with the school and wider community.

Our parents are involved in their child's education through:

- Parent and Citizens Association meetings held on the 2<sup>nd</sup> Tuesday of every month.
- Classroom Support – many teachers welcome and appreciate the support of parent volunteers in their classrooms to help with activities such as reading, art, maths, etc.
- School Fetes and Fundraising Activities
- Tuckshop – parent volunteers are always welcomed and encouraged to support.
- Year 7 Graduation – parents of year 7 student
- Library Support- parents volunteer their time to help with tasks such as book covering

Sporting events – parents help with tasks on sporting days and occasionally during season sport activities.

## Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

The school has capitalised the National Tank program and large tanks have been installed to capture run off water through the school. These tanks are yet to be plumbed into toilet facilities to further reduce the water usage. All light bulbs in the school have been replaced with energy saving bulbs. These efforts have seen a reduction in usage across the school.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	142,352	1,585
2011-2012	155,476	2,868
2012-2013	169,233	3,344

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

### Student Attendance Distribution

The proportions of students by attendance range.

\* The method for calculating attendance changed in 2013 – care should be taken when comparing data from 2013 to that of previous years.

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Enforcement of Compulsory School and Compulsory Participation Provisions. The procedure for marking rolls in our school is that all teachers will mark the roll by 9:15 am and 1:30 pm on all school days. Upon receipt of rolls in the office, absences are noted. Parents have a school absentee line number they can call to explain a student absence.

If there are unexplained absences or a pattern of absenteeism for any student which includes 3 days unexplained, a phone call and a letter requesting an explanation for a student's absence is warranted. Continued absences from school will result in the administration team sending written correspondence (TCS2) and the appropriate authorities are contacted. If attendance is still not satisfactory one week later, administrators will send further correspondence under s178(2) and take reasonable steps to meet with the parents.
